

The Oasis Oxygen Bar

Sit Down and Relax

The Oxygen Oasis is a lovely summery and uplifting place to relax and enjoy the refreshing and revitalizing experience of our oxygen bar. Whether it is wet and muddy or a beautiful summers day, the oasis is a great place for festival goes to relax and recharge.

The Oxygen Oasis is the original festival oxygen bar stall. It has the pretty and welcoming look of a tropical Tiki bar, and it is a lovely place to relax and enjoy a revitalising oxygen session.

The Oasis Oxygen Bar

Revitalizing Oxygen Bar

At our Oxygen bar guests get to sit and breathe pure oxygen through aroma therapy flavoured liquids as part of a really enjoyable relaxing party experience.

A 5 minute session at our oxygen bar feels both revitalizing and uplifting - even euphoric in some cases.

Its sociable and fun and a perfect addition to any event that likes to treat their guest to new and exciting things.

Proven Safety Track Record

I was the very first person to introduce the oxygen bar concept to the uk festival scene, almost a decade ago now. After serving over half million people over the course of ten years at literally hundreds of events, my oxygen bars and shishas have a proven track record of safety, and naturally adhere fully to all conceivable health, safety, and hygiene requirements.

As a festival trader of 19 years experience I have always maintained a great reputation with event organisers, through a co-operative nature and friendly professionalism, coupled with a love for what I do.
